Statement of Reasons for Allowance

5. The following is an examiner's statement of reasons for allowance:

The claims are allowable over the cited prior art because the prior art does not teach, disclose nor make obvious an emulsion comprising water, hydrophilic particles comprising oxide particles having surfaces covered with polar radicals, and hydrophobic particles; wherein the hydrophilic and hydrophobic particles form shells encapsulating a gas that are suspended in water. The closet prior art teaches making microcapsules that encapsulate air or a gas that has hydrophilic characteristic, however, it does not teach the microcapsules comprising oxide particles having the surfaces covered with polar radicals.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

6. Claims 1-14, 16, 17, 19-28, 53-58, 65 and 67-102 are allowed.
